

DAGSIS LANDING PAGE

The homepage should explain **what Dagsis is, why someone needs it, what it can do, and why they should try it.**

1. **Hero** : <https://youratlas.com/> (add an AI robot avatar instead of the toggle widget)
 - Headline such as: *AI Agents That Know Your Business*
 - 1–2 line explanation
 - **Start for Free**
 - **Book a Demo**
 - Product/dashboard visual
2. **Trusted By / Social Proof (not needed right now)**
 - Customer logos
 - Usage/customer numbers once verified
3. **The Problem**
 - Repetitive customer questions
 - Slow response times
 - Information scattered across documents/websites
 - Support teams overloaded
4. **Use Cases** : <https://www.eventbeds.com/> (Trusted by people : WhatsApp centric)
 - Customer Support
 - Lead Qualification
 - FAQ Automation
 - Customer Engagement
5. **Video Section**
6. **How It Works — 3 Steps** : <https://cevver.com/>
 - Add your knowledge
 - Configure your AI agent
 - Deploy anywhere
7. **Core Platform Features : Card design**
 - Knowledge Base
 - AI Agent Builder
 - Web Widget
 - Multi-channel deployment
 - Conversations
 - Analytics
8. **Interactive Product Showcase** : <https://anubi.io/> (Featured)
Each tab should display an actual Dagsis screenshot/video of a dummy website
9. **Deploy Everywhere** : <https://youratlas.com/> (Plugs Into your stack. **No Rip-and-replace.**)
 - Website
 - WhatsApp

- Telegram
- Discord

10. **Why Dagsis :** <https://www.joinboardly.com/> (One platform. Every kind of board leader.)
